## RICHMOND ART GALLERY 5<sup>th</sup> ANNUAL ARTIST TRADING CARD EXHIBITION

**Deadline for Entry:** November 1, 2010

**Exhibition:** November 26, 2010 – January 22, 2011

**Closing Celebration and Trading Session:** Saturday, January 22 from 2-4pm

The Richmond Art Gallery's **5<sup>th</sup> Annual Artist Trading Card Exhibition** is a display of Artist Trading Cards (ATCs) from local, national, and international participants. **Everyone is invited to participate, and all techniques and mediums are welcome.**

Artist Trading Cards (ATCs) are miniature works of original art measuring 2 ½" x 3 ½" (6.35 x 8.89 cm) that are made to trade. This international art movement is intended to be a non-commercial, non-hierarchical, non-judgemental avenue for artistic exchange. All ATCs will be traded on the closing night of the exhibition. We will try to ensure fair trades for all by trading similar mediums as much as possible (i.e. paintings for paintings, photos for photos, etc.).

### 2010 ATC Exhibition Themes (optional):

ATCs will be on display alongside the open-call exhibition curated by Noxious Sector, **More Often than Always / Less Often than Never**. Related themes for your ATCs:

- Pataphysics (the science of imaginary solutions attributed to Alfred Jarry)
- Explorations of imagination and reality, including imaginary solutions to real problems.
- Impossibility, uncertainty, probability, and the imaginary
